Allocation of Assets in Single-Employer Plans; Interest Assumptions for Valuing Benefits

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Final rule.

SUMMARY: The Pension Benefit Guaranty Corporation's regulation on Allocation of Assets in Single-Employer Plans prescribes interest assumptions for valuing benefits under terminating single-employer plans. This final rule amends the regulation to adopt interest assumptions for plans with valuation dates in July 1997.

EFFECTIVE DATE: July 1, 1997.

FOR FURTHER INFORMATION CONTACT: Harold J. Ashner, Assistant General Counsel, Office of the General Counsel, Pension Benefit Guaranty Corporation, 1200 K Street, NW., Washington, DC 20005, 202-326-4024 (202-326-4179 for TTY and TDD).

SUPPLEMENTARY INFORMATION: The PBGC's regulation on Allocation of Assets in Single-Employer Plans (29 CFR part 4044) prescribes actuarial assumptions for valuing plan benefits of terminating single-employer plans covered by title IV of the Employee Retirement Income Security Act of 1974.

Among the actuarial assumptions prescribed in part 4044 are interest assumptions. These interest

assumptions are intended to reflect current conditions in the financial and annuity markets.

Two sets of interest assumptions are prescribed, one set for the valuation of benefits to be paid as annuities and one set for the valuation of benefits to be paid as lump sums. This amendment adds to appendix B to part 4044 the annuity and lump sum interest assumptions for valuing benefits in plans with valuation dates during July 1997.

For annuity benefits, the interest assumptions will be 6.30 percent for the first 25 years following the valuation date and 5.00 percent thereafter. The annuity interest assumptions represent a decrease (from those in effect for June 1997) of 0.10 percent for the first 25 years following the valuation date and are otherwise unchanged. For benefits to be paid as lump sums, the interest assumptions to be used by the PBGC will be 5.25 percent for the period during which a benefit is in pay status, 4.50 percent during the seven-year period directly preceding the benefit's placement in pay status, and 4.00 percent during any other years preceding the benefit's placement in pay status. The lump sum interest assumptions are unchanged from those in effect for June 1997.

The PBGC has determined that notice and public comment on this amendment are impracticable and contrary to the public interest. This finding is based on the need to determine and issue new interest assumptions promptly so that the assumptions can reflect, as

accurately as possible, current market conditions.

Because of the need to provide immediate guidance for the valuation of benefits in plans with valuation dates during July 1997, the PBGC finds that good cause exists for making the assumptions set forth in this amendment effective less than 30 days after publication.

The PBGC has determined that this action is not a "significant regulatory action" under the criteria set forth in Executive Order 12866.

Because no general notice of proposed rulemaking is required for this amendment, the Regulatory Flexibility Act of 1980 does not apply. See 5 U.S.C. 601(2).

Special Local Regulations; Deerfield Beach, Florida

AGENCY: Coast Guard, DOT.

ACTION: Temporary final rule.

SUMMARY: Special temporary local regulations are being adopted for the Deerfield Super Boat Grand Prix. The event will be held on the Atlantic Ocean off Deerfield Beach, Florida, on July 20, 1997, from 12:30 p.m. until 4 p.m. Eastern Daylight Time (EDT). The regulations are needed to provide for the safety of life on navigable waters during the event.

DATES: These regulations are effective between 11:30 a.m. and 4:30 p.m. EDT on July 20, 1997.

FOR FURTHER INFORMATION CONTACT: QMCS T.E. KJERULFF Coast Guard Group Miami, Florida at (305) 535-4448.

SUPPLEMENTARY INFORMATION:

Background and Purpose

Super Boat International Productions Inc., is sponsoring a high speed power boat race with approximately thirty-five (35) race boats participating in the event, ranging in length from 24 to 50

feet. There will be approximately two hundred (200) spectator craft. The race will take place in the Atlantic Ocean 1,300 feet off the Deerfield Beach shore from Hillsboro Inlet to Boca Raton Inlet. The race boats will be competing at high speeds with numerous spectator craft in the area, creating an extra or unusual hazard in the navigable waterways.

In accordance with 5 U.S.C. § 553, a notice of proposed rulemaking has not been published for these regulations. Following normal rulemaking procedures would have been impracticable, as there was not sufficient time remaining to publish proposed rules in advance of the event, as the request for the regulations was received less than two months before the event.

Discussion of Regulations

These regulations create a regulated area on July 20, 1997, offshore of Deerfield Beach, Florida. The regulations will prohibit entry into the regulated area by unauthorized vessels during the duration of the Deerfield Super Boat Grand Prix. The regulations will also create an area for spectator craft to safely view the event.

Regulatory Evaluation

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that order. It has been exempted from review by the Office of Management and Budget under that order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). The Coast Guard expects the economic impact of this proposal to be so minimal that a full Regulatory Evaluation under paragraph 10e of the regulatory policies and

procedures of DOT is unnecessary. Entry into the regulated area is prohibited for only 5.0 hours on the day of the event.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), the Coast Guard considered whether this rule will have a significant economic impact on a substantial number of small entities. "Small entities" include small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities as the regulations will be in effect for approximately five hours.

Collection of Information

This rule contains no collection of information requirements under the Paperwork Reduction Act (44 U.S.C. 3501-3520).

Federalism

This action has been analyzed in accordance with the principles and criteria contained in Executive Order 12612, and it has been determined that the rulemaking does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

Environmental Assessment

The Coast Guard has considered the environmental impact of this action and has determined pursuant to section 2.B.2.e(34)(g) of Commandant Instruction M16475.1B, that this action is categorically excluded from further
